

Dear Entrepreneur,

With this email we would like to invite you to apply for a presentation slot at the [Tech Tour 2018 European Photonics Venture Forum](#), which will take place on the 29 - 30 May, in Barcelona.

The 4th edition of the Tech Tour European Photonics Venture Forum (EPVF) will be hosted at ICFO (The institute of Photonics Sciences). The event is happening with the support of the regional and city governments, the European Commission, SECPhO (Light Technologies Cluster) and ECOP (European Centres for Outreach in Photonics). The goal of the event is very simple: bringing high-tech entrepreneurs, active in photonics that are looking for external private capital, together with investors, who have appetite for this.

Taking part in the European Photonics Venture Forum will give you a series of benefits including:

- **Presenting** possibility in front of VCs, corporate leaders, policy makers and other industry experts;
- **Networking of the highest level** with corporate investors, venture capitalists & fast-growing companies;
- **Visibility** through the website & company profile in the Forum digital booklet;
- **Participation free of charge** but based on a selection process;
- Getting a full-day coaching session at the Venture Academy on the day prior to the forum, to be well prepared for your pitch; and
- Unique opportunity to present at the **2018 European Venture Contest Final – EVC Final** if selected.

Interested innovative companies are invited to apply via the European Photonics Venture Forum [website](#). **Deadline for applications is 1 April 2018.**

Should you need any further information, please do not hesitate to send an email to kameliya@techtour.com

We look forward to receiving your application!
